IIPCIC AWARDS NOMINATION

IIPCIC believes that all members of the global law enforcement community should be acknowledged when demonstrating exceptional, diligent, or uncommon perseverance in investigating or handling IP-related crimes. Through the presentation of the IIPCIC Awards, we seek to highlight and recognise outstanding efforts that meet our expectations and merit international endorsement.

The IIPCIC Awards are competitive and are granted once a year to no more than three law enforcement individuals, departments, teams or specific crime investigation units.
